¹ Debit and Credit interest rates -If, for any reason, any of the clients' Accounts kept with ING shows a negative (debit) value balance or, in the event of an overdraft arrangement between ING and the Client, the debit balance of the relevant Account exceeds the permitted limit approved for the Client, default interest shall be accrued on the amount of such debit balance or of such excess, as the case may be. Credit rates may be negative, in which the Client shall pay interest for maintaining any Credit Balance on the Accounts. The rate and calculation method are available on <https://www.ingwb.com/en/service/payments-and-collections/interest-rates-on-current-accounts>

² If market circumstances require, the credit interest rate can be negative, as a result of which the Client will pay interest to the Bank over a credit balance with a rate that varies per currency and which is adapted to market conditions. Applicable rates per currency available per request. CHF rate based on Swiss National Bank Rate. EUR rate based on Euribor. ING will inform you if changes occur to its' credit interest policy.

Currencies

ING Switzerland allows you to hold accounts and/or to initiate or receive payments in the following currencies: CHF, EUR, USD, GBP as well as in AUD, CAD, CNH, CZK, DKK, HKD, HUF, JPY, NOK, NZD, PLN, SEK, SGD, TRY and ZAR

Exchange Rates

The Bank executes payment transactions where a currency conversion is required in the following way:

- Transactions up to CHF 100k: using independent market standard reference rates published by Refinitiv (formerly known as Thomson Reuters) every day at 07:00, 11:00, 14:00 and 17:00 hrs CET. Payments are processed immediately applying the rates of the last previously published Refinitiv rate update plus a service spread.
- Transactions over CHF 100k: using a “real time ING rate”, established using a base rate determined on the principle of best execution including a service spread. As ING guarantees the best execution principle by applying the best FX rate offered by any of 11 FX market liquidity providers (6 leading banks, 3 Electronic Communication Networks and 2 interbank brokers). The resulting base rate is updated every 2 seconds in our FX platform.

Details of exchange rate used for specific payment transactions are available on account statements/reporting
